NOVA SCOTIA FEDERATION OF MUNICIPALITIES

Electing the NSFM Board of Directors using eBallot

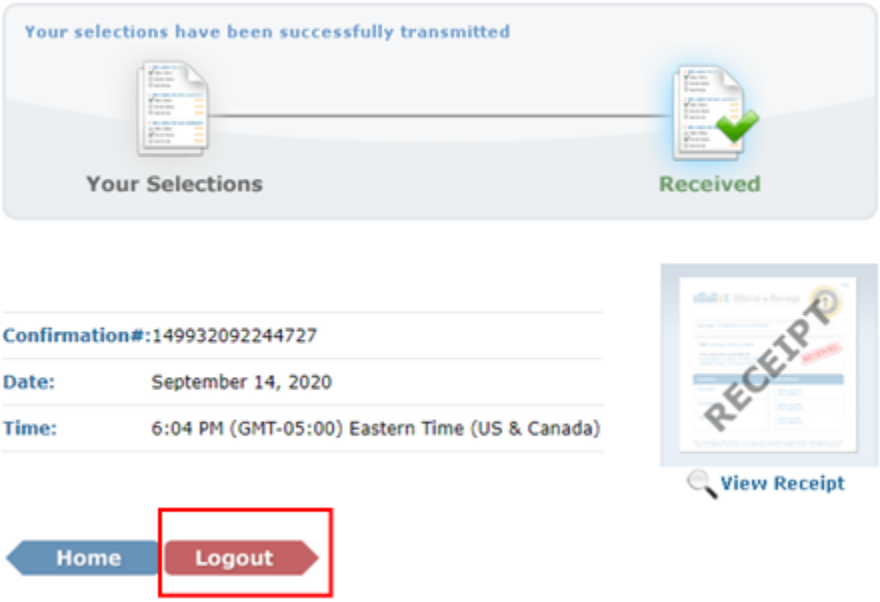

NSFM Board of Directors Official Vote

What we're voting on:
This is a vote for the 2026 NSFM Board of Directors, which will utilize the eBallot voting platform.

Why this is important:
By participating in this vote, you will play the crucial role of determining the composition of the NSFM Board of Directors.

How to vote:
Here is an overview of the online voting process to guide your use of the eBallot platform.

- You will receive an email containing a secure link and login credentials (i.e.: username and password) to access your personalized voting portal. **Please keep this information confidential and do not share it with others. This is your unique sign in information.**
- Use the secure ballot link in the above-mentioned email to access your log in page, and type in your username and password. **If you copy and paste, avoid including extra spaces.**
- Once you log in, you will be able to view candidates for President and the Regional Representatives of your Electoral Region. Please read the instructions that accompany each ballot closely to ensure that you complete your ballot correctly.
- Review the candidate information and cast your votes.
- Once you've confirmed your vote, you will be directed to a vote confirmation page shown below. We suggest that you download your vote receipt.

For additional information, you can visit the e-Ballot website: https://www.eballot.com/client-resources/what-to-know-about-online-voting. If you have any questions about the voting process, please direct your inquiries to info@nsfm.ca.

Are online elections safe and secure from potential interference?
Cybersecurity remains a significant concern for actions conducted online, particularly when important decisions are involved. However, we want to reassure you that our online election security measures are designed to protect you, your data, and your organization against risks.

Your data will be securely stored with Amazon Web Services (AWS), our cloud-based data partner. AWS is globally recognized for its excellence in storage, maintenance, monitoring, and data purging technologies. It is trusted by numerous prominent organizations worldwide, including the NFL, Netflix, the American Heart Association, and Formula One.

Should you have further questions, please do not hesitate to contact your election administrator at info@nsfm.ca for more details or visit the e-Ballot admin resource portal.
