NEW DATE FOR NSFM'S WORKSHOP ON INTEGRATING CLIMATE CONSIDERATIONS INTO ASSET MANAGEMENT PLANNING IN MIDDLETON—THURSDAY, JANUARY 31, 2019

To: Mayors, Wardens, Councillors, CAOs, All Units

DATE: Thursday, January 31, 9:30 am – 3:00 pm

LOCATION: NSCC Campus, 295 Commercial Street, Middleton

COST: \$115 (includes all workshop materials, refreshments and lunch)

REGISTRATION DEADLINE: Monday, January 28, 2019

****NSFM** had to reschedule today's workshop due to a power outage that affected most of Middleton, including the entire NSCC campus. So we wanted to let you know, in case you are available for the new date.

WHO SHOULD ATTEND: Decision makers, administrative and technical staff, and elected officials

WORKSHOP OVERVIEW: The purpose of this workshop is to help municipalities incorporate climate risks into their asset management planning practices. NSFM is working with a local group – ClimAction Services – to offer the workshop, which is aimed at enhancing local asset management practices by providing municipalities with the information and tools they need to include climate considerations into their long-term infrastructure planning. Doing so will help position municipalities to take the necessary steps to proactively adapt their assets to climate risks.

TOPICS TO BE COVERED INCLUDE:

- ***How Your MCCAP Can Inform Asset Management Planning:*** How to utilize the results of your Municipal Climate Change Action Plan (MCCAP) to inform climate change integration into asset management
- ***Asset Management and Climate Change Considerations:*** What is asset management? Why is important for municipalities to incorporate change considerations into their asset management planning efforts?

- *Tools to Integrate Climate Change Consideration into Asset Management Planning:* A variety of tools, approaches and methods will be provided to help inform the development of asset management frameworks that help ensure infrastructure is resilient to our changing climate.
- *A Proposed Process for Integrating Climate Change Considerations into Asset Management Planning:* A six-step approach will be presented for discussion and refinement.
